

To: Customer Care, NovaHome Electronics Date: 02 September 2026 Subject: Defective washing machine - demand for replacement

I am Ravi Kumar, residing at 14, 5th Cross, Jayanagar, Bengaluru. My email is ravi.kumar@example.com and my mobile number is +91 98450 12345.

I purchased a NovaHome AquaClean 7kg front-load washing machine (Order No. NH-558120) on 03 August 2026. The machine stopped working on 13 August 2026 - the drum does not spin and it shows error code E21.

Your technician visited on 18 August 2026 and replaced the drain pump, but the same problem returned within two days. A second visit was scheduled for 25 August but nobody turned up. I have called your helpline three times (reference CRM-77231) without any result.

I request a full replacement of the machine. If this is not resolved within 7 days I will be forced to approach the Consumer Disputes Redressal Commission.

Enclosed: copy of the invoice and the technician job card.

Ravi Kumar
